Not only does regular servicing maximize the life of your car but it reduces the risk of breakdown and helps maintain the optimum performance of your vehicle.

Phillips Tyres offers three levels of care for your car.

Basic Service

A regular service is important for maintaining your vehicle. Usually recommended every 6,000 miles.

Interim Service

Designed for the high vehicle user or vehicles that require frequent checks, the interim service is recommended between full services.

Full Service

For ultimate peace of mind, our full service offers a fully comprehensive check and is recommended annually for trouble free motoring. This service can be carried out in conjunction with an MOT for our special price.

Our services include the following:

Basic Service

- Oil filter
- Oil change
- Engine flush
- Check levels and lights

Prices from **ONLY £65.00 inc. VAT***

Interim Service

As oil & filter change, plus:

- Air filter
- Check pressures
- Check front brakes
- And 12-point check

Prices from **ONLY £145.00 inc. VAT***

- Brake fluid change **£36.00 inc. VAT***
(Recommended every 2 years)
- Free tracking check.
If adjustment required **£30.60 inc. VAT***

Full Service
